

## Mp3 Jerry Allen - Beyond The Horizon

[DOWNLOAD HERE](#)

An album of songs about journey's and visions. Soft pop and rock songs. 9 MP3 Songs POP: New Wave, EASY LISTENING: Love Songs Details: Jerry Allen, a Maine Native, is known as a vivacious, charismatic and endearing performer. Trained in classical piano, Jerry Allen has been writing his own music since the age of seventeen. He has performed in many venues in his home state of Maine as well as various other locations in Virginia, New Hampshire, and California. He currently resides in Easton, PA. His first CD, "It's Just Love", was a hit with the pop fans and he hopes his sophomore creation, "Secret Rhythm," will take him to the skies. With eyes the color of the morning sky and a dashing smile, Jerry's unique vocal styling and song writing easily captures the eye, ears, and hearts of all who listen. Many songs Jerry Allen collaborated with other artists who he met on Tono's Studio, Bree Noble, LohnRiver, Tom Rae and worked closely with Rosa Petite Productions with the Creative Director Jenna Vescio. Since November 2002, Jerry has been estatic to be part of Rosa Petite Productions. He has been working on many musical projects with the author/writer Jenna Vescio, and Composer LohnRiver, Vocalist/writer/composer Bree Noble. Jerry Allen is noted for his great style of singing in "Little Italian Girl" and a new release to come out shortly a children's Musical "Rainbow Journey". Jerry Is eager to explore the opportunities that Rosa Petite Productions and Victoria Rose Studio Australia have opened up to him and has been working on his music with his new "home Studio" which Rosa Petite Productions has enabled and prompted him to create, thus allowing him to colaborate musically online with the likes of Bree Noble and Tom Rae, who are both fantastic artists. Jerry's goals are to continue to write and perform the music that he loves. He hopes to one day be able to license some of his songs to a major artist. Perhaps one day he will reach those dreams.
