

# Mp3 Kelly Simonz - The Rule Of Right

[DOWNLOAD HERE](#)

Japans's answer to Yngwie Malmsteen 13 MP3 Songs METAL: Progressive Metal, METAL: Power Metal  
Details: Japan's Kelly Simonz 2002 release is entitled The Rule Of Right - a melodically metallic CD chock full of instrumental tracks (six) and wickedly fast neo-classical solos and stylings. The instrumental tracks include a piano track ("Sprendid Grief"), a heavy acoustic guitar piece ("Desperado"), a neo-classical guitar/keyboard solo work ("Partita BWV826") and three instrumental bonus tracks ("Dancing On The Edge", "Blind Faith (Jungle Mix)" and the closing acoustic solo "Etude"). Simonz is also a superb vocalist, and tracks such as "Now Your Turn" and "Destiny" bristle with neo-classical fury. A must-have for Kelly Simonz fans, and worth a very close listen for neo-classical fans in general.
