Larry, being young and not knowing what an audition entailed, SIGHT READ AND PERFORMED THE ENTIRE 1 1/2 hour SHOW ON THE SPOT! Then when someone said to the director, "Larry just came tonight to audition," The director said "You got the job!" At 23 Larry put himself through MSU School of Music by by playing at an upscale resaurants and piano bars on the weekends after having increased his repertoire to 220 songs. From 10 years old he showed a natural ability to improvise and arrange popular music while reading it for the first time. Finally in 1999 he released his first full length CD featuring his own piano arrangements. "Magnificent Movie Love Themes" has sold several thousand copies to date.
