This music was written in musical keys of A B which represent the third eye and crown chakras. Using this music for sound therapy or meditation can help open up the listener to the higher consciousness of the universe. Opening the crown chakra at the top of the head can help us to access our natural intuitive sense which sometimes gets drowned out in the noisy stress of daily life. 64+ minutes of continuous music with no breaks between tracks, no sudden changes of pace or mood. These ambient instrumental sounds will put you in a state of relaxing bliss! - - - - - These brand new CD's come to

you directly from CDBABY through me, Marilyn Seits, the composer and CMR Moongate Records, the record label. They are the latest reissue version. Many CD's on the internet market are old versions and have changed hands many times. I would be happy to autograph the CD's if you ask when you make the purchase. Remember that the shrink wrap has to be removed in order to autograph the cover. Thank you. Marilyn Seits - - - - - HERE'S WHAT PEOPLE

ARE SAYING ABOUT THREADS OF VIOLET LIGHT

----- NEW AGE VOICE MAGAZINE "The healing energy of violet... The power of violet light... On her newest release, Marilyn has expanded on her Chakra-energizing concepts used in FEATHERTOUCH and brought them to a whole new level..."

----- VIOLET LIGHT LINER NOTES "...the color violet has long been associated with health and healing, springtime and rebirth. It is a color of high spiritual vibration

along with clear blue indigo, it is a good color for meditation. The use of violet light has been known to help alleviate the symptoms of many physical ailments and essence of violet is used frequently in aromatherapy. Violet is also the color of the crown chakra, the thread by which we are connected to the universe. The crown chakra is related to the musical pitch of B, a pitch used frequently in Threads of Violet Light. I hope this music brings you serenity!" -----

----- Marilynn Seits is a composer and pianist originally from New York City. A graduate of the University of Illinois with a degree in music, she has been composing, recording and performing professionally for over thirty years, mostly in Jazz and New Age music. Her avid interest and study in the Eastern healing arts began with her first Yoga lesson back in 1970. She has since travelled extensively in China and the Orient, studying Tai Chi, Qigong and hands-on healing. Her interest in alternative healing methods inspired her to compose nine albums of positive healing music, including Violet Light. She currently lives with her golden Retriever, Phoenix in West Palm Beach, Florida.
