Stonesy and Rockin', with lots of Bluesy Guitar from Austin, Texas. 10 MP3 Songs ROCK: Roots Rock, BLUES: Texas Style Details: A raucous mix of Stone's influenced rock and Texas blues featuring the legendary Stevie Ray Vaughan rhythm section, Double Trouble! Recorded at Arlyn Studios in Austin, Texas with Stuart Sullivan engineering. The new album features Nelson Norwood on guitar and vocals along with Chris Layton on drums, Tommy Shannon on bass and Riley Osbourn playing Piano and B-3. Heavily influenced by The Rolling Stones, Jimi Hendrix, Hubert Sumlin and BB King, Nelson has shared the stage with the Allman Brother's Dickie Betts and blues legend James Cotton. HIGH VOLTAGE BLUES-ROCK Not one weak track, great band, great guitarist, great vocals, cool / funny lyrics and an out and out party CD. If this doesn't get the party moving, it has to be a wake. You'll be compelled to dance and sing along to these rollicking tunes in a STONES / SRV vain. Truth be told the STONES have not written tracks of this quality since BEGGARS BANQUET. Simply awesome BLUES / ROCK!!!!!! Reviewer: HANS D HARMS (runaway bay, QLD Australia)
