Smooth Jazz with World influences performed by the first 7-and 11-string bass guitarist, a master nylon string classical guitarist and two world class percussionists. 10 MP3 Songs JAZZ: Smooth Jazz, NEW AGE: New Age Details: The Nielsen-Goodman Project Debuts at #6 and ranked in the Top 10 of New Age Reporter's Top 100 Chart for three months! "Tap Dance on a Cloud" is an uplifting collection of ten original compositions that refresh the soul, engage the mind and provoke a new level of awareness. This emotionally powerful instrumental music combines the masterful skills of David Nielsen on amplified classical guitar with the innovative percussive harmonic technique of Garry Goodman on the world's first 7 and 11-string bass guitars. The Nielsen-Goodman Project showcases virtuoso live performances with no bass or guitar overdubs and unique playing techniques that create the illusion that four guitarists are playing, not two. David and Garry then blend in percussion performed by Ivan Krillzarin and Alex Acua to create a canvas for this unique sound that is the result of diverse musical influences ranging from jazz and new age to classical and world beat music.
