It's a different Pop far from the distance with a jazzy edge. Beautiful catchy melodies that will make you warm and thoughtful..even tear drops. Try this Godsend music. 10 MP3 Songs POP: with Live-band Production, JAZZ: Smooth Jazz Details: Perception is Reality. People can judge SEAN PARK's music not so much based on the reality of how good it is but on their perceptions of how, who, and where it is made, for people think that what they do not have is certainly more desirable than what they do. SEAN PARK is a music producer, songwriter, vocalist, educator and a New York dweller. He is from very far East Asia-Korea, which means his music can be twice as good because of some exotic sound and locale. He always tries to reach the whole world with good messages and beautiful catchy melodies that will make you warm and thoughtful..even tear drops. Who wants to become too common? Do you? If not, try his Godsend music. It's different!
