Some rock. Some roll. Some twang. All honest. All the time. 7 MP3 Songs COUNTRY: Country Rock, ROCK: Americana Details: The Curb is the mutual brainchild of Chris and Hillel Arnold, two brothers raised in a radical Christian community in the strip-mined backcountry of southwestern Pennsylvania. Their music is steeped in the secular and religious folk/blues traditions of their childhood. Yet these songs are played with an edge, one that stems from the brothers affinity for full-bore rock and roll. Combine these two musical threads with a politically charged lyrical sensibility and youll have a pretty good idea what The Curb is all about.
