Her performances are all totally unique, depending on the venue, the project she's working on, and the setting. Cheri has produced 3 solo CD's, two of which are available here at CD baby. Currently Cheri is focousing on her band, "Muse of Turiya." She is the lead singer, lyricist and original founding member of the band, which is a soulful, hypnotic trance band based out of Boulder, CO. See myspace.com/museofturiya Cheri's styles run the gamut from soft hip-hop, Earth based chants to funky, trancey eclectic psychedelia, with shows always promising diversity and powerful rhythmical interplay. In the words of one of her students, "Cheri shows us ways to connect back to our own sacredness through body, heart and spirit through her music." (-Lauren Tietje, Bennington, VT) Cheri is currently working on two new CD's: a meditative, journey based project and a Muse of Turiya first release. Keep posted with her work at cherishanti.com Notes from the artist regarding Visions of Reality: Visions of Reality was produced as a labor of love during a time of deep contemplation on the world we live in. A a lot of the production I did myself in a tiny room at a good friend's home. The songs are questioning this wild world and what is happening. All are valid perspectives.. what is your Vision of Reality?
