A collection of Brazilian Jazz Classics from Jobim and Bonfa The Inspiration It was the summer of 1992 when I was touring in Oslo Norway that I would visit the harbor everyday. There on the back of a boat was a brilliant guitarist named Tom Lynn. He performed the music of Antonio Carlos Jobim, Luis Bonfa and others. I had heard the music countless times before but never in such a raw fashion. The music, broken down to just guitar was simply gorgeous. It was at that point in my career that I converted to a nylon string classical guitar as my primary instrument. I became enamored with the idea of replicating the beautiful sounds that I heard emanating from the deck of the boat on which he played. The Music of Brazil is enchanting. The richness of the music never wears old. After 16 years of playing and perfecting this music, I am proud to share it with you. This project is dedicated to the memory of Antonio Carlos Jobim and Luis Bonfa. Also to Tom Lynn wherever you may be. People who are interested in Antnio Carlos Jobim Baden Powell Luiz Bonf should consider this download.
