indie acoustic, with smart, passionate lyrics and cool melodies 11 MP3 Songs FOLK: like Ani, ROCK: Acoustic Details: The first release from this San Francisco singer/songwriter, "Get By" highlights Jen Faith's ability to blend poetic and insightful lyrics with subtle, understated, yet catchy melodies. Jen's main musical influences are classic rock, folk (of the Suzanne Vega variety) and r&b, but she fits most comfortably in the "indie" or "alternative" genres, among artists like Ani DiFranco, Elliot Smith, Liz Phair and Lois. Jen Faith is a dynamic and talented artist, and "Get By" is a great CD (includes an insert with lyrics and creative self-portrait photographs!). This professionally mixed and mastered CD would be a perfect addition to anybody's indie collection!
