Love and Peace to all of you. This poetry and music is inspired by new spiritual inspirations on our troubled planet that call for a personal relationship with our God and daily Stillness time to create in ourselves an enlightened soul and an inspired servant to Truth, Beauty and Goodness. We are inspired by the Urantia Papers, A Course in Miracles, the Stillness Center, the Lightworker organizations, and our new Association for Light and Life. Spiritual unity is our quest, beyond dogma and division, toward a new era of united spiritual enlightenment and service. My poems are co-created with Celestial Artisans, who are also available to work with you in your creative endeavors. Ask for them via God in the Stillness. Our guest artists here are among the most delightful in a new wave of spiritually inspired music that encompasses several genres and newly fused genres. The interwoven theme for SOULS POURING is of both dark and light threads, the threads of our lives that carry us into suffering and trouble, and lead us beyond the veil of tears into a recognition of the Holy Spirit that indwells us and gives us faith in our soul's salvation through the Golden Rule of Universal Love. We truly hope you enjoy our verses and music. We have filled nearly 80 minutes with 28 tracks.
