Country and Western, with a touch of Bluegrass, some Cowboy Songs, some Humorous Story-Songs. 7 MP3 Songs COUNTRY: Western, SPOKEN WORD: Comedy Details: ABOUT THE CD, THE BALLAD OF JODY MULE (PLUS SOME SONGS OF THE WEST, FEATURING THE CHRISTMAS SONG: BIG BRUCE, THE BIG BLUE SPRUCE BY JIM HUBLER, (Songwriter, Guitar Owner, Storyteller) THE BALLAD OF JODY MULE, is a story-song about a big red long-eared Mule Friend of mine named Jody. I met Jody at a big trail ride in The Daniel Boone National Forest in Laurel County Kentucky, some years ago. He was the only mule there, among 100 or so fancy, high-dollar horses. (they acted as though they had never seen a mule before). The horses thought they were superior to Jody, but they soon learned better when he showed them the way smart mules go about doing things. It is all in the song. As with lots of things in life, just because you're different doesn't mean you can't do the job. BIG BRUCE, THE BIG BLUE SPRUCE, is a story-song about a western Christmas Tree who has the great honor of being chosen to be The Whitehouse Christmas Tree. Of course there is a moral in this story-song, have ambition and your wishes may come true. In America sometimes dreams come true. THE POLITICIANS PRAYER, is self explanatory and just something this writer thinks our country needs. Perhaps all our legislators would like to start their day with these words. All songs written and performed by JIM HUBLER, (Songwriter, Guitar Owner, Storyteller). He also writes novels, and short stories and even some poetry. ABOUT THE WRITER: JIM HUBLER, was a full-time Truck Driver, and part-time songwriter, and played in different local country bands in the central Indiana area for many years. Now, Jim only writes stories and songs about Trucks and Truck Drivers and many other things. He is a big-time animal lover and is very dog oriented and has written a collection of DOG SONGS. Of course most of these songs are written from the dog's perspective, you know, as the dog sees the world. Some of these songs have already been

recorded and hopefully this project will be ready by early 07. When ready they will be available through CDBABY and elsewhere YOU CAN FIND OUT MORE ABOUT : JIM HUBLER by checking out his Web-site: JIMHUBLERWEB.COM CONTACT HIM: E-mail: JIMHUBLER@JIMHUBLERWEB.COM
