Season's Greetings to you and yours.. 12 MP3 Songs EASY LISTENING: Background Music, JAZZ: Smooth Jazz Details: Happy Holidays!! This is Johnny's first holiday album, and he hopes you'll find it enjoyable. It contains some of the more traditional songs we all know and love. Johnny began toying with the piano at the age of two and just never stopped! He is a native Californian, born in Glendale, raised in the San Fernando Valley, and now lives in San Diego with his wife, Stephanie. Johnny turned professional at 16, became a studio musician, and worked in clubs in the Valley and in Las Vegas. Johnny now records at home using the Kohler KD-140R Digital Grand. This instrument is capable of producing all of the sounds of the orchestra, and has an especially fine sounding concert grand piano. Like some of the best-known musicians, it's interesting to note that Johnny doesn't read a note of music. This is Johnny's third album. Here on CD Baby, you'll also find "My Romance" and "An Evening At Johnny's" featured. Check them out....you'll want to own these as well! Please leave your comments at the bottom of this page for Johnny. He really reads them!!! ---AKL, KYXY, FM 96.5
