Beatles meets Cheap Trick, Electric Light Orch., and Huey Lewis and the News. 11 MP3 Songs POP: Beatles-pop, ROCK: 70's Rock Details: A message from our buddy Dean O. Torrence. The "Vertikals" are "Jim Alquist" and "James Armstrong," two of the luckiest guys I know. Since they were teenagers, their direct musical association with artists like "Jan Dean," "The Beach Boys" and "The Turtles" has had a unique effect on their song writing careers. "Vertikals" tunes are not nostalgic. Clearly, this is New Music! Through my own personal introduction, "Armstrong" "Brian Wilson" buddied up together for over 6 1/2 years. That friendship has created a profound effect in the arrangement and production techniques I hear in "Vertikals" music today. All I can say is "turn it up and enjoy!" Stay cool and keep on surfin'.
