Can a psychic investigator disprove an accidental death before she and her lover are next to die? Brad Norton doesn't believe his aunt's death is the accidental shooting the police claim it to be. His instincts tell him there's a more sinister explanation. In order to get to the bottom of it, he's going to need professional help. Pairing up with Alex Leahy, a clairvoyant private investigator, wasn't exactly in his plans. He didn't expect the fiery redhead to take over the case and get under his skin so quickly, but things happen fast when Alex is around. Still, they can't plan a future together with a killer on the loose. When their investigation intensifies they bring him out of hiding. The danger grows to an entirely new level, however, when attempts are made on their lives. With six deaths already confirmed, it's a race to stop their man before Alex and Brad are next on the list.
