Gawin's a French solo artist playing 'indie pop'. He recorded this album almost all by himself. 13 MP3 Songs POP: Beatles-pop, POP: Folkly Pop Details: This record has been a long-time project; the recording process took more than 15 months. Gawin has played almost all the instruments on it because he wanted to do it the way he'd hear it in his head - as he made the sleeve himself. Thus the results are sometimes quite disturbing but always interesting, lead by a real taste in fine melodies. If you have a listen, don't forget to hear every detail, from the first power chord to the very last second - the record ends within a grin.
