Contemporary Neo Gospel 18 MP3 Songs GOSPEL: Contemporary Gospel, GOSPEL: Traditional Gospel Details: G Mayes - BIO God fearing, energetic, producer, writer, musician, husband and father are just a few attributes to describe Gary Mayes. Born and raised in Houston, Texas, Gary began playing drums at the age of 5. The scheduled drummer where he attended worship service was running late. Gary being aware of an opportunity, grabbed two pencils from his mothers purse and began playing. From that day forward, Garys passion for playing the drums has grown further than he imagined. God has blessed him to play for many great artists such as: Kim Burrell, Yolanda Adams, Kathy Taylor-Brown, Shawn McClemore, hip-hop artist Juvenile and El Debarge, just to name a few. While incarcerated, Gary had a life changing encounter that led him to surrender his life and his gifts to the Most High God. As Gary grew spiritually, God revealed to him that playing the drums would not be his final destination in the music industry. God instilled in him the ability to write and produce music. Due to being overlooked as a writer and producer, Gary decided to launch the group Nu Era (formally Gary Mayes Friends in Christ F.I.C.).{ Along with long time friend production partner Glenn G.P. Piper}. At that time, God began opening doors and surrounding him with individuals who believed in him. Gary stepping out from behind the drums and transitioning to the front as a leader, demonstrates to other young musicians that with God they can become whatever they desire. Garys first project The N. E. X-perience Vol. 1 was six years in the making. As he carefully prepared for his debut of Vol. 1, spirit-filled songs were released. Songs entitled: It Didnt Work, We Made It, Here Am I, Nu Creature and We Worship Thee. During the growth of the first project, Gary began working on his second project, Go Tell It The N. E. X-perience Vol. 2 (Christmas CD) with great songs such as: Dont Forget the Baby, Go Tell It, Happy You Were Born, Jesus My Everything and This Christmas. Vol. 1 and Vol. 2 left so many eagerly awaiting the next CD. Garys

newest project entitled Diary of a Strong Souljah is guaranteed to touch the lives of the new generation as well as the seasoned generation with anointed songs entitled: Hell Come Through, Let the People Praise U, We Owe U More, Holy, Hit The Deck and Strong Souljah.
