Details: This album was recorded in one afternoon session in Zrich. The idea was to capture just voice and guitar, as it is right after a song is written, and leave it without any producing or pimping around. The result is a very honest collection of stories, both real and fictive, funny and sad. The artist lives in Zrich and is currently working on a grunge-rock band called Cat Vulcano, as well as backing vocals and guitar in the alt-folk band The Ruins.
