

Mp3 J.d. And The Sons Of Rhythm - Imagination Doctors

[DOWNLOAD HERE](#)

Ten tracks of world music vignettes fill disc one and collective improvisation ala Ornette Coleman and Miles Davis fill the second. 13 MP3 Songs JAZZ: World Fusion, WORLD: World Fusion Details: The musicians who create the music on IMAGINATION DOCTORS bring individual instrumental expertise and mastery of their craft to this collective project, called J.D. and the Sons of Rhythm. The rhythm part of the group is producer J.D. Hopkins, his two sons Jayson and Rickie, and Joel Polacci on congas. Guitarists Mike Ohm and Frank Singer, who also plays keyboards, participate throughout the recordings utilizing their extremely diverse choices of sounds and their stylistic abilities. Bassists Tony Stefanelli and Kenny Cornelius share time on the second disk of IMAGINATION DOCTORS, with Kenny in the 46 minute jam. Guitarist Joe Popp adds his enormous range to the same jam, providing everything from vocal sounds to distant guitar wails, and Sons of Rhythm regular Sheldon Peterson adds his unique chords and tasty lines to the mix as well. Together they weave textures and trade blistering solos, threading together the groove as they go. The first disc of this two volume set contains 10 pieces shorter than the typical J.D. cuts. These tracks were created by having Frank and Mike play with the drummers for the first pass, and then overdub various other sounds and parts to create layered textural vignettes. Each seems to naturally adopt a theme, aptly portrayed by the song titles. Call it J.D. and the Sons of Rhythm meet World Music. Between exotic sound choices and combinations, and the trance quality of the encapsulated themes, these tracks each take on a unique character, almost suggesting a journey taken out in the world and inside the soul. Disc two contains the 46 minute cut sandwiched between two more typical J.D. improvisations. Deep Purple catches the group in a J.D. style rock review, having fun with leads and power chords amidst the spontaneous communication. Talking in Tounques finds Singer exploring a strange vocal-like guitar sound with Stefanelli and the rhythm section talking back. A.D.D., the long

middle track, casts shades of style and color on a common thread, passed from player to player, and then combined in Ornette Coleman-like harmony. Although the collective improvisation cuts are always presented without overdubs or fades, they tend to be parts of longer jams that had moments of dis-connection or inconsistency. This cut connects for the 46 minutes, and begged to be released in its virtual full length. IMAGINATION DOCTORS will tweak your imagination, and heal your ear. Get out from under the sameness of music, and pay a visit to the IMAGINATION DOCTORS. ***** The move toward the generic accelerates. Each town fills with the same stores, enclosed in the same malls. Planned communities sprawl across acres. Radio stations play the same songs in every city. Somehow, the world seems to shrink. Creativity becomes more rare, and more precious. More and more are afflicted. Children slump before electronic false idols, hypnotic images holding their minds in check. Schools cancel art and music classes, and homework crowds out playtime for the youth. Without creativity, civilization fails. Without creativity, individuals begin to ail. What is needed is IMAGINATION. Perhaps it is time to visit the IMAGINATION DOCTORS. ***** the players Sheldon Peterson Kenny Cornelius Joe Popp Joel Polacci Frank Singer Mike Ohm Tony Stefanelli Rickie Hopkins Jayson Hopkins J.D.
