Details: I was born in 1973 in a little town in the middle east of France.(Between Geneva and Lyon) I began to play guitar at the age of 20...better late than never;) It's the Phil keaggy's album "The wind and the wheat" who "show me the way"... I played with many artists as a side man before I decide to create my own music, so i create my first band, a trio called "Dr Octopulse", and my first album "Edition Spaciale", a kind of progressive/jazz/rock/new age album, my own compositions and i hope my own style:) You can at this purpose listen to some tracks of my first album on my MySpace page ("Soleil rouge" and "Echoes"). I realised my Second album this year 2008, an acoustic album called "Entre ciel et terre", so just listen to it now and i hope you'll enjoy this new one, and buy it:):) Bye "Self made guitarist, Olivier Giry alias "Doctor Octopulse" was involved in many different musical projects as lead or rythm guitarist, with many artists and in different styles (folk, rock, funk, blues, country) before deciding to walk by his own way, and make his own music. Playing both acoustic and electric guitar, he is a "versatile guitarist, creating a very personnal fusion of all his musical influences." He came out with his second album "Entre ciel et terre" mostly acoustic, a very singular style, haunting, original and different..." OGM prod 2008
