Costello, XTC and Squeeze cooked in the microwave for under three minutes. 10 MP3 Songs POP: Beatles-pop, ROCK: 60's Rock Details: "The Frotus Caper, a multi-talented quartet and big Beatles fans themselves, have come up with something of a White Album in their latest effort, Lose Your Cool, a collection of songs that showcases their individual strengths. While the Beatles went off in wildly different directions post break-up, one gets the feeling that the Frotus Caper, should they ever disband, would all be making very similar music 20 years later. And though the White Album was a fractured affair, Lose Your Cool is a cohesive whole that lets the listener hear each voice in a perfectly blended chorus." - Josh Rogers, The Phoenix portlandphoenix.com/music/beat_report/documents/03041631.asp
