Music for soundtracks to Brazilian Reggae films 9 MP3 Songs WORLD: Reggae, JAZZ: World Fusion
Details: Cara De Pau. The wise guy, the trickster, he will play you from all sides and all levels. Best to be prepared because just when you think youve got it figured out there will be an unexpected turn ahead. Swim in an enchanted ocean to a beach party on a sandbar, its fun but you might sweat a little too. This is an ancient craft, sometimes the greatest surprise is found in the most fundamental element. Cara De Pau is the music of Dan Reddan. A native of Rio de Janeiro, Brasil, then raised on several different continents he acquired a first hand knowledge of many styles of music via the radio. Its all just pop music to him. He says: Cara De Pau is my musical Holodeck, a place where I am free to create and participate in scenarios unencumbered by the real world. The songs are free to find their own culture and identity. Its not about fusion, this is roots music for the poly-cultural. Dose is the second CD from Cara De Pau. Pop instrumentals with a strong Dub/Reggae vibe that showcase Dans guitar playing. Of course pop instrumental + guitar =Surf ... Or does it equal Bossa? Dont worry, here at Cara De Pau we do the fretting for you. Sometimes people refer to this type of thing as sound track music, only this time you get to make up the pictures yourself. Careful because this Dose is potent! Some of our secret ingredients: Michael B. Nelson of the Hornheads, Phil Belknap of Big Surf, plus Carin Vagle, Dennis Maddix, John Wolfe and more.
