Progressive folk with some quirky tunes. 12 MP3 Songs FOLK: Alternative Folk, FOLK: British Folk Show all album songs: Something To Do With Time Songs Details: I'm a folk/progressive rock guitarist, trying to cram Yes, Genesis and Gentle Giant onto one guitar, with varying success! My degree in music involved a lot of counterpoint, so that features in the songs, too. Mostly, I just try to craft evocative lyrics with a good melody. Some of the songs take a while to appreciate, but your perseverance will be rewarded.
