Reviewed Dan Stewart 9/3/2006 I'm going to have to play this one for the boss!!!! Really, your music has been just great, from the music, to the production, to the messages that you send out to the kids, and you can really sing. Thanks for sharing and for your message for the next generation!!! Dan Song title: Quiet

I enjoyed the music and the singing and for the group you are singing for, the lyrics are great. It is really encouraging for the kids to learn to not worry about dancing "correctly". I wish I would have learned it.

Wait, it's not too late. Okay, I'm jammin' Anyway, thanks Dan Song title: Preschool Jam! Band Name:

Kenny Powell's "Preschool Jam!" is an exciting children's CD. The kids here love it; the "DINOSAURS!" and "Quiet Time" songs are their favorites. I recommend this CD to anyone with young children. Yvonne, Ms. Barbara's ABC Learning Center, Sacramento, CA Kenny has unbelievable energy, the kind of energy parents wish they could summon sometimes when their little bundles of joy start getting the best of them.

Well, now they can: just pop PreSchool Jam into the CD player. You'll be amazed watching your kids burning off all that excess pizazz all the while learning a thing or two (Shhh! Don't tell them!). Keep your distance however, or you'll get caught up in the groove also! Luc Normand lucnormand.com Check out his site on my "Links" page! slack of late, largely because there are very few posts in the genre. This is a great song for kids.

Dinosaurs were something that intrigued me as a kid and I'm sure still fascinate kids today. Excellent lyrics which would keep kids interested. Love the chorus. It's got a real hook to it that kids and adults can sing and dance to. Like the way that you haven't tried to "dumb" the music down. Thanks for sharing and

for reminding me I need to do some work on the Spotlight. Cheers Song title: DINOSAURS! Band Name:

Mon August 14, 2006 Wow I am very impressed. Sounds almost like it is coming right off a childrens TV

show. And if that is you singing - your voice is perfect. In fact when I listened to Dinosaurs I was thinking

this music is not only children's music but that piece sounds like it would fit in a Broadway show with YOU

SINGING IT! -- no kidding I am serious. \_\_\_\_\_ Joel Irwin Joel
