Now You Too Can Open the Doors to Your Success With All 7 Keys That Every Successful Marketer Follows. "Who Wants to Discover How my Long Chats With One of my Mentors Finally Revealed the Truth That is Often Missed" "The Secret To Online Success Is NOT A Key! It's A 7 Key Combination Lock!" Subject: Success Combination! - Extracting the 7 keys from a mentor, to allow everyone the same success! Hello and welcome to a truly revealing page. My name is Randy Smith and on this page you'll see how I extracted the 7 Keys that every successful marketer follows from none other than planetsms himself Mr John Thornhill. John has been making a fulltime income online for years now and has slowly but surely risen through the ranks of internet marketers to the point of being labelled a Guru to some and Mentor to others. While you read every word on this page, you'll learn the exact keys John told me I'd need to follow if I wanted to turn a few hundred a month income into thousands. If you're anything like me, you've probably seen reports and eBooks all over the place offering the key to success. You've no doubt bought one or more of these - only to find that yes, the information was good, the content accurate and even eye opening..... AND YET - it just didn't give you the success you were desperately searching for?

So off you go, more trial and error until you are pitched to buy yet another product that will surely be the key to your success! I followed a similar path for years - 5 years to be precise (In fact I often wonder how I lasted so long) Then a couple of years ago I came across one of John's eBooks, as usual I duly bought the product and began reading it.... John included so much good content that I found myself joining his forum. Try to picture the scene - here I was still a relative newbie because the only thing I had so far learned was how to get out my credit card and pay for yet another 'Key to Success' that had failed to move me on. Is that a hard picture to see?.... or do you find it easy to visualize because you've been there yourself? Trust me I know how you feel, I felt let down and de-motivated myself on nearly every occasion. But this time it did seem different, I found John to be approachable and active in his forum, along with some great members who all seemed to help each other. Let me fast forward a couple of years now.... Having learned to accomplish some things online I was earning a few hundred a month and even helping out myself. And if you get to know John and listen to what he says over a period of time - You too could start making a regular income from your activities. Wouldn't it be great if there was a short cut? Can you imagine if you could just get someone like John to really open up in one fell swoop? Think about how much more quickly and easily you could achieve your dreams of a regular income of hundreds or even thousands of dollars online - if you could just find all the keys to successful marketing in one place! Well after knowing John for a couple of years I gained enough respect from him, to have him open up to me. We even formed a relationship where John would hire me to do some of the work he outsourced.... And it was during one of these tasks that I really got to chat about my future and how I could get myself on the right road to regular profits. Hey - shall I make this long story short and let you know how this will guarantee your future success? OK, Here's what happened ... I extracted the 7 keys from John that he follows, and I put them to use. Net result-my list grew, my income grew and my online reputation grew! And now John has seen the difference it made in me - so he's insisting we share this information with others. Those others include you - if you seriously want to get ahead online. If you have dreams of seeing regular "Notification of Payment Received" in your inbox. If you can picture yourself opening the door to success not with some fantasy single key - that never quite seems to fit the lock.... But with the 7 Keys that every successful marketer follows! Then you'll find the keys right here and right now. John has made me document each and every key. I've quizzed him time and again to draw out of him the Whys and the Hows that you need to follow, so that as sure as you're staring at a computer screen to read this - you
