Month? Yup, not 50, 60 or 70 but NINETY you read it right. . .(setup your own websites, payment processors, delivery methods etc. and of course you walk away with 100 - you choose) What if there is a membership limit to avoid that your neighbor and his dog get access to the same top notch novelty products as you have? -There is..! What if we keep an open record inside the Vault so members can check for themselves how much is spent and on what...If there isn't a sufficient supply fresh products available one month then the remaining amount is carried over to next month - It's our members money & we will not just make them disappear and pocket them. - you can bank on that! What If all this wouldn't cost YOU nearly as much as \$197, \$127 or \$77 - not even close - wouldn't that excite you? Please allow me to sidestep for a moment here Cost is a strange thing to think about when looking at the opportunity given. . . You can boil it down to sell just one of your NEW products ONCE a month or refer 2 members to Unselfish Marketer ONCE and your "cost" is covered, that's all there is to it :-) Here is something that makes me think: One man asks, "How much does it cost?" Another man asks, "How much will it help me earn?" Who do you think will become more successful in any business online or offline? Please stop for 40 seconds and ponder: Which one are you? Statistics show that on average an ordinary Joe will be able to refer 2.87 people (so not even 3) to any opportunity - that's exactly why you only need to find 2 people :-) The Unselfish Marketer was built so everybody, sorry..! 1000 members can get their hands on novelty products for "no cost".
