"I have watched you for several summers now, little Clavis; I have watched you more closely than you can imagine. You carry a secret that I had believed was mine alone. Many nights have I spent trying to decide your fate, and am glad I waited. Because I know you can hold your tongue I have brought you here. As of yesterday, you are a non-person as are the rest in that blasted list you heard cried. You have lost the right to a home and land; you have lost the right to work and marry. I'm trying to save your life. Here is my deal. I will save your life and you will save my family, my reputation, my Province, and the Kte. I want you to travel to Oksat." Clavis, a young girl hunted and dispossessed, forced from her home and on a perilous journey to the barbaric lands in the far North. Cursed with a great secret and the Gift of Backsight, she must fend for herself among druids, witches, barbarians and cannibals, while avoiding those involved with a pretence to the throne. History meets fantasy and archaeology meets magic in the harshly realistic Bronze Age CLAVIS.
