Contemporary country with classic folk/rock influences 13 MP3 Songs COUNTRY: Modern Country, COUNTRY: Country Folk Details: Hi Everybody! I just want to thank all of you for your support through the years. It's been a wild ride and it just keeps getting better! "Better Off Blue" is a collection of songs that I have written and co-written over the past 20 years. Three of the songs, Better Off Blue, Let Me Get Over You, and Mesa Land are from my very first album (and I mean a REAL LP vinyl album!) that I recorded back in 1987-hence the baby face in the photo! It also was entitled Better Off Blue. The title song is a very special song to me. The idea was brought to me by my good friend Doug Jamian. He and I asked Ruthie Steele to help us write it and we came out with a killer song. To this day I think it still has the potential to be a smash hit! Ruthie and I went on to write hundreds more songs over the years. Many of which are on this new compilation CD. I have had a wonderful career as a performer. I'm not rich and famous but I've gotten to see the world and meet some incredible people. I'm still performing on a limited schedule. I will always sing and play as long as there is somebody willing to listen! Many thanks to all of my talented co-writers-Ruthie Steele, Vickie Harden, Patti Clark, Doug Jamian and Wendy Daniels. I wish all of you a wonderful new year and hope you enjoy this album. Sincerely, Bethany
