SO YOU LOVE ART AND YOU'VE BEEN PISSED ON BY THE WORLD. SO COME ON IN AND LET'S PISS BACK... 10 MP3 Songs HIP HOP/RAP: White-Boy Rap, LATIN: Latin Pop Details: My name is David Hatfield, Born David Roberto Alvarez Johnson Davis Francisco Antonio Jackson Ramirez Hatfield, but I shortened it for the stage. I was born in an elevator, delivered by midgets and then stolen from my parents by Islamic baby slave traders. There I learned the fine business of the baby slave trade, but I just didn't feel... 'fresh.' So I moved to the US and started a recording career. Well it seemed like the most logical move at the time... Not really, but now that I'm sure I have your full attention, my style is mostly folk with a small, but significant element of beatnik. You see I believe that beatnik has always had an artistic quality that I like, but it doesn't have the handles that folk has. You know, 'handles', music that you can grab onto, sing with. While folk on the other hand has never fully met the artistic qualities that beatnik has. So I thought, why not combine the two? My style, I define as 'FOLKNIK'. If you buy this you'll be glad you did for the Vegas and Boobie Song alone if not the rest. You'll laugh, you'll cry and become a part of it all. Don't let the more serious songs at the end throw you off. I just like to have something for everyone, while comedy and tragedy are a part of life. You'll probably enjoy my clever lyrics which aren't super common these days. Just a disclaimer though, if you get offended easily this is not for you. Thx D=/field. NOTE: IF YOU WANT TO SEE THE BOOBIE SONG PERFORMED LIVE ON SCREEN THEN FORWARD THIS TO AS MANY PEOPLE AS POSSIBLE. (SPREAD THE WORD) I WON'T DO IT IF YOU DON'T.
