If you want to relax to smooth, melodic and rhythmic music, this is the right place. You can see, touch, feel and hear nature throughout this CD. Waterfalls, sunlight, rain, thunder, wind and rare birds are the backdrop to these incredible musical arrangements. 9 MP3 Songs NEW AGE: Environmental, NEW AGE: Meditation Details: Discover and Learn (The Smooth Creation of Nature) was created by two producer/songwriters who have been friends for years- Ronald "Tyke" Oliver and Mark Joyner. Both have extensive experience in the music field. Between the two of them they play several instruments, arranged and performed in concert, developed children's characters and voice-overs, and have written and produced advertisement jingles all over the past 12 years. Winners of the prestigious CMA Creative Music Award and The Music Association of Songwriters 2004 Music Excellence Award. This album was created with a deep belief in a higher power and the creative energy inspired by nature, the two most powerful forces known to man. Both Oliver Joyner are working on new projects and their work is very diverse. A upcoming solo album with help from his partner, Joyner will showcase his talent with his vocals and songwriting skills which will prove to be an absolute classic when complete. They also plan another children's music CD and Gospel album. If you don't know by now...These guys are good! Additional guitar, production and mixing by Jeremy Brownie. Approx. 32 minutes in length and 9 tracks.
