Gary Eldridge (bass, acoustic lead, background vocals) was originally from Hornell, NY. A brilliant student - much sought after by universities upon his graduation from high school. He decided instead to take some time off from education and hitchhike around the country with Don - 1971-72. (Ah! The stories we could tell!) In those early days, he played in several successful local bands, including The Lost Cause, Zeminon and Ulysses, an accomplished musician on several instruments. He currently lives and works in upstate New York. Tom House: Another Hornell native, he and Don (a drummer at that time) began playing music together in 1970. Tom was the lead guitarist for Zeminon and Ulysses. Lost contact after the live concert recorded on this CD. Tom, are you out there? The good news: there's a royalty check waiting for you. The

bad news: it's for \$12.94.
