

Mp3 Freddy Mullins - Everything In Between

[DOWNLOAD HERE](#)

The highly anticipated debut L.P. album from Freddy Mullins with strong songs that are diverse stylistically and rich in texture, the album continues to capture Mullins' intriguing brand of stylishly, un-styled folk music. 10 MP3 Songs FOLK: Modern Folk, FOLK: Folk Blues Details: On the heels of releasing of a collection of demos called Bring Me Blue less than 6 months ago, the Nashville based singer/songwriter, Freddy Mullins, returns to release his debut full length album, Everything In Between. The new album contains 10 songs that continue the refusal by Mullins to be contained to a specific musical genre which he clearly established on Bring Me Blue. However, that's where the similarities between these two albums virtually end. If Bring Me Blue had Mullins off and running with his own unique sound, then Everything In Between has him in a dead sprint. On Everything In Between, Mullins elects to produce the album entirely on his own instead of collaborating as he had previously done. An ambitious gamble for a debut release, yet, this decision clearly forced Mullins to push his vision and unique sound to the fullest. The result is a highly textured and atmospheric performance that drips with an emotional, melodic, and spiritual richness. Fortunately, the album doesn't fall into the trap of relying more on a blend of attitude and atmosphere than songwriting as the maturation in Mullins' songwriting is equal to the growth of his sound. The opening track, Crossroads, is a perfect example of this as the song's textures pull you in immediately with a gentle guitar, warm strings, and an atmospheric piano creating a wonderland of beautiful, but uncertain, ambiance. Finally after nearly 2 minutes of musical build up, the lyrics Red rose stuck me again, and red blood shows where I have been set up a story of decisions to be made and in the end, apathy towards them. Equally impressive in the production of the album is Mullins' confidence to forgo production and embrace the power of simplicity in a song, as he does in the beautifully hushed acoustic only track, "Breathless". As the album's name implies, the songs on the album

run you through the gauntlet of emotions including life, love, and loss. As he also established on Bring Me Blue, Mullins writing is once again delivered without reserve as he boldly and unapologetically wears his heart on his sleeve. The standout songs on the album that perfectly mesh all the elements together are the beautiful ballad Meant to Fly, the lone love song Lost For Words, the fun and charismatic Butterfly, and the indy rock styled Paper Thin. In the end, this album has captured the heart, soul, and imagination of an up and coming singer/songwriter. From a run with the EP to a dead sprint with Everything In Between, we can only expect Freddy Mullins to be in full flight very soon. -B.jade Release
