Electro Krunk Dance rock 6 MP3 Songs ELECTRONIC: Dance, ROCK: Modern Rock Details: Porcelain Black is the wrecking-ball brainchild of multi-instrumentalists Franko Carino and Ryan Norton. The two met in the late nineties as their respective bands (Franko in Florida Industrial icons Elara and Ryan in the Art-Rock behemoth Room To Breathe) were clawing their way to the top of the heap in Jacksonville, Floridas highly competitive music scene. They joined forces in 2004 to create something they knew would be accessible and exciting. Porcelain Black, though primarily electronic, has the edge and attitude of rock n roll and the organic immediacy of punk. Somehow, along the way, they manage to twist together elements of Goth/industrial and electronica with hip-hop. The years spent hanging out in clove-smoke filled sad kid bars bleed though more than anything. This combination of styles, though an unlikely one, has caught the attention of audiences and record labels alike. Porcelain Black released their self-titled EP in May 2005. Porcelain Black continue to fill venues and convert new fans from all walks of life and diverse musical interests. Past performances have been described as everything from shocking and soulful to passionate and electric.
