Ten dark lullabies--pouring beautiful melodies over trance-inducing rhythms and textures, Snowy creates a psychedelic nightcap for the down at heart. 10 MP3 Songs POP: with Electronic Production, ROCK: Psychedelic Details: Snowy is a collaboration of San Francisco songwriter, Bonni Evensen and Rain Parade co-founder Steven Roback. Lilywhite was produced by Steven Roback and American Music Club's Tim Mooney. The album features Bonni's vocals over Steven's organ, piano and bass, anchored and driven by Tim's inventive rhythm and samples, the swirling guitar hooks of Leigh Gregory (of San Francisco pop favorites, Mellow Drunk); and string arrangements by violinist, Tony Cross, and cellist, Zoe Keating.
