Original content that attracts visitors to your site is only a few mouse clicks away... Now You Can Easily Turn Any Content You Have Into A Brand New Original Article With This Simple To Use Push Button Software That Even A Child Can Operate! Never worry about duplicate content penalties again because this point and click software will give you a never ending stream of original content to pull in search engine visitors and more sales! You can take your current PLR articles and spin one article into 100 articles in no time flat with this amazing new software! Here are just a few of the smoking hot features you'll get access to... Simple As Pie Interface - You won't be wondering what to do or how to use this system because it's so easily laid out that a 10 year old could use it. True Point & Click Content Creation - It couldn't get any easier. You simply load an article and it gives you a bunch of options for customizing and personalizing the article at the click of a button! Never Worry About Duplicate Content Again! - You'll never have to worry about being penalized for duplicate content again because Article Content Spinner is going to create loads of unique, original content for you to serve up to the search engines. Readable, Well Flowing Articles And Content - Unlike many other content spinning programs, Article Content Spinner creates beautiful flowing content that is a pleasure for your visitor to read! The others create a mixed up mess that rarely makes sense. Extreme Control - You approve or deny each change that is made to your articles to make sure that they make sense and are readable to the search engines and your visitors. This is done without any typing! Create Articles Super Fast- You can spin an article in just a few seconds and a couple of clicks and you'll have an original piece of content ready to serve to search engines and visitors. You can pump out hundreds of articles in this amazing software in under an hour! Versatile Options - You can load your content from a text file, a website URL or just copy and paste it into the system so you can be sure that it will work on any of your content customization projects.
