

Mp3 Beautiful Mess - Waiting For The Naked

[DOWNLOAD HERE](#)

Our music has been described as an atomic wedgie given while a 21 gun salute is fired, the noise your car makes right before it catches on fire, and even the sound of running while wearing too much gold jewelry around your neck. 13 MP3 Songs POP: Power Pop, POP: with Live-band Production Details: We rock. Really hard sometimes. Other times not so hard. We've been rocking for awhile. We play big places, and we play small places. We play fast and slow songs, some of which are long, and some of which are short. We play guitars, drums and sing. Sometimes we play keyboards too. We just finished a new album "Waiting for the Naked", and are going to be touring near you soon!!!
