This Swinney CD received positive reviews and airplay from folk/country rock reviewers from all over the world..from the U.S. to Australia and all parts in between. 11 MP3 Songs FOLK: Power-folk, COUNTRY: Country Rock Details: "We must keep in mind the peculiarity of Swinney. He is similiar only to himself and his voice is the absolute owner of the stage. One does not get close by chance to works such as this."

-Franco Ratti, Buscadero Magazine, Italy "Cary is one of those rare singer-songwriters who has no obvious influences and seems to have cut a unique path. His style is bare bones. It's honest, cryptic and sort of haunting. Think unique...think quirky." - Bill Frater, the Freight Train Boogie Show, KRCB FM, Santa Rosa, California "I could write an entire article about what this man's work means to me. Simply put, the best songwriter I know. Touching, true, absolutely outstanding." -Lord Litter, Radio Marabu Network, Berlin, Germany "...stainless steel backbone of truth. Swinney's words make people squirm now and again; they're written to do just that, but, while listeners are squirming, they're nodding and clapping because the man is a master of the truth, a solid writer and a guileless chronicler." - Jim Beale Jr., San Antonio Express-News, San Antonio, Texas "Put simply, it's hard not to get sucked into Swinney's songs." - Dan Ferguson, WRIU FM, Kingston, Rhode Island
