Powerful pop rock music with infectious melodies and clever lyrics. 12 MP3 Songs ROCK: Classic Rock, POP: Power Pop Details: DEB FERRARA Raised on music, Deb Ferrara entered the studio before she could crawl and walked out a child star at the age of 5. The success of her first single, "Christmas Time (Is Near)," led to television and radio appearances, and news items in major industry magazines. This early start in the business prefaced a continuous involvement in music. By the age of 18, Deb was in the studio with her own band, recording and co-producing a five-song EP of her original pop/rock material. The self-released record, "Go Away," attracted interest from Chrysalis Records, and garnered two songwriting awards from Billboard. A prolific writer, Deb has a substantial catalog of material and a growing list of artists who have licensed her songs for their albums. She's penned hit songs for up-and-coming Canadian artist, Vicky Taytro, and has written and licensed music for video and educational projects. Ferrara's most current project is her brand new album, "Anything But Ordinary" - 12 undeniably strong rock songs produced by LA's Dan Marfisi and mixed by Carter Humphrey (Rod Stewart). Tracks from promotional copies of the CD, slated for release August 10, 2004, are already getting spins on college radio. - NJ Songwriters in the Round - Host and coordinator, sponsored by ASCAP and BMI.
