

Mp3 Erik Norlander - Stars Rain Down

[DOWNLOAD HERE](#)

Modern Progressive Hard Rock with an emphasis on vintage keyboards and strong songwriting. 13 MP3 Songs

ROCK: Progressive Rock, ROCK: Hard Rock Details: Keyboard virtuoso Erik Norlander's first solo CD, Threshold, turned heads in 1997. The 1999 Rocket Scientists - Oblivion Days CD raised the bar on an already critically acclaimed band led by Erik's earth-shaking synth work and forward-thinking studio production. 2000 brought Erik's prog metal solo opus, Into the Sunset, and then in 2003 Erik delivered his concept album masterpiece, the mighty Music Machine double CD rock opera. Now, Erik delivers a powerful LIVE statement with his new release, the unforgettable Stars Rain Down, an album featuring songs from five of Erik's most loved albums all executed with a world-class ensemble of international musicians. Stars Rain Down was recorded over the course of three years during Erik's European tours finally coming to fruition in a 75-minute CD complete with a 20-page full-color booklet featuring extensive liner notes and tour photos.
