

## Mp3 Jon Lucien - Man From Paradise

[DOWNLOAD HERE](#)

Afro-Caribbean roots combining jazz and classical with the rhythms of the Caribbean world. 12 MP3 Songs JAZZ: Jazz Vocals, WORLD: Island Details: In the 32 years since the release of his debut album, connoisseurs and assorted in-the-know types have spoken his name with the utmost hushed reverence. His seamless melding of jazz, R&B, Caribbean rhythms and Brazilian music proved to be a decisive early influence on what would be simplified and marketed as the twin formats of "quiet storm" and "smooth jazz," although very few artists working in either format approach Lucien's level of artistry or innovation, not to mention originality. He never resorts to overly dramatic crescendos of volume to build artificial climaxes. Rather than assault the listener with phony intensity, Lucien invites his listeners closer to share the experience. The only label that does this justice is "Good Music."
