Details: Music is in her blood, and Kim plays it her way. She does not fit into a niche. She does not sound like anyone else. Although fully in command of her acoustic guitar, Kims voice is the true instrument. Her song selection and interpretation echoes her spirituality as she alternately lifts you, rocks you, soothes and seduces. A graduate of the College of William and Mary in Virginia, Kim earned her degree in business management while performing in local venues. After careful consideration, Kim chose to apply her business management skills to her own career in the music business. She followed her heart and never looked back. That road took her all the way to Nashville, Tennessee, where Kim has recorded four of her current CDs: Moonlight, At Last, Close, and her most recent release, I'm Not Alone. Moonlight, Kims CD of original material, includes songs that have awarded her the honor of being named one of the top ten songwriters at the Kerrville Music Festival and Honorable Mention in the Billboard Song Contest. It isnt often that a gifted songwriter is also a gifted performer. Kims true passion for music is revealed in her performance... from fund raisers, festivals and Fanfest, to appearing as featured artist at the Bluebird Cafe in Nashville, and Harrahs Casinos in Atlantic City, Las Vegas and Lake Tahoe. In her unassuming way, Kim transforms a large auditorium into an intimate gathering of friends. One walks away from the earthy honesty of a Kim Kalman performance feeling good.
