Many Journeys': \*\*\* " Well what can I say..."This Town"... I LOVE IT! You have some Fantastic Australian Talent here!! - This album certainly fits our format, and is up there with Amity Dry, Kate Alexa, and I believe she has the voice and talent to compete with the likes of Missy Higgins. Australian Radio definitely needs more of this. Kitana is unique and has that alternative voice which is the big thing in music these days" Fantastic Album...5 Stars!" 'KJ Mibus Musical Programmer from FLOW FM South Australia's biggest Commercial Radio Station' \*\*\* "An excellent Indie release from an emerging Aussie artist, Kitana's album 'One Soul, Many Journeys' is sure to please her existing fan base and win her a new legion of followers. Of the eight tracks on the album, my personal favorite was Write U A Ring Tone (5683), a catchy pop song with an infectious melody. Kitana's voice is strong and rises above the band to deliver a flawless vocal performance. Its not easy to pigeon-hole this album, nor should it be. Its a little bit country, its a little bit pop and its allot well worth a listen!" 'Graeme Lemin, Music Director 98.9 NW FM Melbourne' \*\*\* "One Soul...Many Journeys is Pure and Profound Pop Magic...From the bouncy "Little Makeup Girl" which could easily play over opening credits of a Hollywood hit to the infectious and oh-so-relevant "Write U a Ringtone" to the poignant and momentarily Celtic "Something More," Kitana delivers pure and profound pop magic with a voice that instantly elevates the listener to a hopeful and loving place. 'One Soul...Many Journeys' makes it clear that Kitana is one artist with many beautiful songs in her." Alice Marie 'LetsGetMetaphysical-- your source for zentertainment.' \*\*\* "Joining this one beautiful soul (Kitana) on the journey that is "One Soul...Many Journeys" is an experience in diversity and magic. From the pop sound of "Write You A

Ringtone" to the country feel of "Daddie's Little Girl" right through to the beautifully inspirational "Forever Precious", we, the listener, travel the journey with Kitana and are forever grateful for the experience. Listen to it, HEAR it, and savor every second." Janeane Baker 'Not The Big News' Melbourne FM Radio'
