(Yuki Onna) The mountain of Asia ring with the sounds of this mysterious feeling. And I tried to capture that feeling as others try to capture Yeti. In correlation with Jacob Clark on piano on 1031 (Part of Funeral March by Chopin), Special guest Guitar Phillip Henry on track 14 and 1030. Phillip's guitar playing found a sense of the Himalayan mountains, a fabric of sound as haunting as the yeti itself. Engineer : Jay Hall
