Written and Produced By: Miss Lori, (Lori Holton Nash), and Ira Antelis Miss Lori's Music n Movement TOGETHER! encourages kids to expand their imaginations and explore the world around them. With upbeat tempos and lyrics that are a cinch to sing along to, everyone in the family will be jumping, counting, wiggling, and giggling while learning to follow directions, take turns, and be a good friend. And when its time to wind down, Miss Lori's gentle lullabies encourage swift shut eye and of course, beautiful dreams. A Message from Miss Lori: Miss Lori's Music n Movement TOGETHER! mirrors the songs that I created for classes I offer through my company, The C.A.M.P.U.S. Inc., where we are always Celebrating Artistry Musicality Physicality United Successfully. The album stays in sync with my overall mission to help children explore their sense of wonder. I have found that increasing children's physical, verbal, and emotional vocabulary helps them learn how to marry their inner intent with their outward projection and ultimately become more accomplished. Miss Lori's Music n Movement TOGETHER! physicalizes lessons for children, increasing their overall health. But healthy children need more than activity they also need rest. That's why several of my songs appear on the album twice, first in a set of musically rich up-tempo beats, and again as lullabies. This gives parents a tool to help their children unwind at the end of an eventful day, putting the whole family in a good mood. Miss Lori's Music n Movement TOGETHER! gives all families music to groove to, lyrics to grow on, and lullabies to dream to! - Enjoy! Miss Lori
