Bob Marley meets No Doubt on a street corner in West Africa. 12 MP3 Songs WORLD: Reggae, WORLD: World Fusion Details: Afro-Diasporic Groovalicious Funkadociousness!!! Cop the latest in World Fusion funkiness - "Heavy Structured (Plus)" an updated release of Soulfge's sophomore outing. Featuring the hit single 'Sweet Remix' and Dancehall Superstar Bounty Killer on 'Sweet 3Mix'the album has received rave reviews and international airplay. Says The Northeast Performer: "Soulfge's Heavy Structured plays out not like a party, but like the whole damned vacation; some awesome resort on a tropical island where there's always something going on at any given time." Says The Noise - Rock Around Boston: "It's an African-proud, drum-conscious hip-rap-reggae type of sound. It turns out that Soulfge, in addition to nailing the aforementioned styles, also has a solid Jamaican-calypso thing going on, with dashes of funk---and you know what? It's a great party album, one to throw into the CD player right next to an ashtray containing a smoldering spliff." Says Global Rhythm: Not surprisingly it is making its way in the popular world of reggae-oriented artists. Case in point, along with Bob Marley, Luciano and Sizzla, Heavy Structured was named as one of the "Best Albums of 2005" by ReggaeTrain.com....Both vocally and instrumentally, the group is highly capable of emoting great performances...The result: its joyful, polished approach to music making should bode well for years to come. Cop a copy and another for a friend today!!
