Book 1 of the Geek Kink series. He's everything she didn't know she needed. Allison would rather fix computers than worry about sex. That is, until the newest barista in town changes everything. All it takes is one hot stare into his sinful baby blues to remind her she's not just one of the guys. She has lusty needs only he can fulfill. Patrick's coffee shop is on the verge of an epic failure, until Allison takes charge of his computer system. He may not know anything about motherboards, but he does know how to take control both in and out of bed. Now Patrick is determined to get what he wants-Allison in his cuffs. His sensual mastery awakens an intense passion and, under his command, he'll unlock the geek girl's darkest desires.
