

# Actual Ethics

[DOWNLOAD HERE](#)

A defense of the 'classical liberal' political tradition, applied to today's moral and political issues. Actual Ethics offers a moral defense of the 'classical liberal' political tradition and applies it to several of today's vexing moral and political issues. James Otteson argues that a Kantian conception of personhood and an Aristotelian conception of judgment are compatible and even complementary. He shows why they are morally attractive, and perhaps most controversially, when combined, they imply a limited, classical liberal political state. Otteson then addresses several contemporary problems - wealth and poverty, public education, animal welfare, and affirmative action - and shows how each can be plausibly addressed within the Kantian, Aristotelian and classical liberal framework. Written in clear, engaging, and jargon-free prose, Actual Ethics will give students and general audiences an overview of a powerful and rich moral and political tradition that they might not otherwise consider. EAN/ISBN : 9780511223228 Publisher(s): Cambridge University Press Format: ePub/PDF Author(s): Otteson, James R.
