

Mp3 Aaron Alnight - Devil In Disguise

[DOWNLOAD HERE](#)

These are the songs that Satan sings when he just wants to get laid... Rockin, Malefic and Seductive. 11 MP3 Songs BLUES: Texas Style Shake Rockabilly Devil in Disguise Songs Details: If you are easily pained by mischievous implicative lyrics, please don't listen to this album. If you feel that rock is dead and would rather listen to songs about inner city thugs shooting each other, this album isn't for you either. However, if you dream of a time when kids in black leather jackets and blue jeans went to the drive in to watch "Reefer Madness" and tail fins as tall as the Chrysler building sailed through the air, this might be the record for you. If you yearn to return to a time when every song on the radio had a memorable guitar tag and songs had something to say other than, "Oops, I may have done that again." you should really give this CD a listen. On the other hand, if you go to church every Sunday and never stay out past 9pm on a week night, you're probably going to hell just for reading this.
