[DOWNLOAD HERE](#)

....a single flickering candle in the dark, a seemingly air-brushed sunset on the horizon, these pristine instrumental songs on piano and acoustic finger-style guitar open your mind and soul. 10 MP3 Songs
NEW AGE: New Age, NEW AGE: Ambient Details:I suppose it was just a matter of time...a matter of making sure that the door was always open to any musical seed that happened to find a place somewhere inside me...and to allow it to take root and eventually bloom. Before you is my maiden harvest of instrumental pieces on piano and acoustic guitar. When performed, I can honestly admit to being taken to a place of centerdness and serenity. A soft, secret, personal time....a "whispered moment". It is my hope that you may also find this place as you listen....enjoy your journey! Fondly, Brian Black
